# ABOUT US

## Company Overview

**Bruce Marine Service Co.Limited.** is located in the beautiful Zhoushan islands Specialized on rope access service board of ocean going vessels. Our specialty is in high-altitude rust removal and painting operations on ships, we are providing service to companies such as MAERSK line, MSC, V-ships, CMA CGM, ect. we can do the cargo tanks ceiling / accomodation / Lashing bridge / cargo tanks / ballast tanks, all the high-altitude derusting and painting, ect...

## Providing client services

We provide services to the following renowned shipping companies:

MAERSK LINE

MSC V-SHIPS

CMA CGM

## Our core values

So what's the point of our existence?

Firstly, compared to the scaffolding methods used by shipyards, we have a significant cost advantage and have also reduced the project timeline.

also decrease the shipyard portal crane and cherry pick using..better service for shipowner.

## Core advantages

### Professional technical skills

Utilizing the most advanced domestic technology and state-of-the-art equipment

### Reducing costs

Reducing shipowner maintenance costs

### Enhance efficiency

It saves half the time compared to traditional scaffolding methods.

### National Service and Aircraft Maintenance

Providing nationwide services to all shipyards and ports
